

# AIRSCAPE®

## Bucket Insert

- The inner lid serves to eliminate empty space as the contents of the bucket are used, forcing excess air out of the bucket, and creating a seal.
- Patented Airscape® technology removes air, to preserve and protect what's in your bucket
- Locks out oxygen, moisture, and pests
- Fits all 3.5 to 7-gallon buckets
- Durable, BPA-free, food safe rubber gasket ensures a tight seal
- Perfect for livestock and pet feed, fertilizers, bulk dry goods storage, coffee roasting, compost scraps, preserving hops/beer brewing ingredients, keeping bbq pellets dry, water-tight gear storage on rafting/fishing trips, preventing drywall mud or paint from drying out, and so much more!

## What's in your bucket?
